### June 9th Opening Day of Golf Tourney

New York. June 4.—That goifers throughout the country have lost none of their pie-war interest in the game was demonstrated today when Secretary Howard I'. Whitney of the United States Golf Association announced the entries and pairings for the national open championship. One hundred and thirty-five entries were received for the revival of this event which was last played in 1916. Charles "Chick" Evans of Chicago, the runner-up to Walter Hagen in 1914, won the last "open" title at Minneapolis in June, 1916, and followed up by winning the national amateur honors at Haverford, Pa., the following September. He will defend the "open" title in this year's tournament, which will begin next Monday, June 9, at the Breae Burn Country Club, West New ton, Mass. ton, Mass.

ACADEMY TEAM SWAMPS WESTERLY BALL TOSSERS

In a loosely played game on the lo-cal ball yard, N. F. A. breezed in ahead by the score of 15-9. On account of the extreme heat both sides were unconscious most of the time. The Academy boys could have acquired a much larger total had there been any necessity of it, but they laid off in order to be in trim for examinations.

Despite the large score, there were not very many hits, N. F. A. getting nine and W. H. S. T. The local boys went wild on the bases, however, and this accounted for a whole lot. The stole 13 bases in all, which is all very

MEN TAKE THE COUNT

Toledo, O., June 4.—Jess Willard increased his boxing to four rounds today, knocked out a sparring partner, and, after the incident, attempted to explain to newspaper experts that the victim slipped, striking his head on the floor of the ring.

Walter Monahan, who is in Willard's camp on a furlough from the army, boxed with the champion for the first time in several months, and hit the canvas in a dizzy condition after boxing two inutes. Monahan, although out of condition, set a furious pace for Willard and Jess shot out a left Jab and missed. He followed it with a short, straight right hand punch to the peak of the chin and Monahan tumbled into a heap.

MARKET WAS EXCITED. New York, June 4.—The money mar-ket situation which was largely responsible for Tuesday's liquidation on the stock exchange readjusted itself today, the call rate for loans receding to the customary six per cent, and prices generally took an upturn in a session less congested and excited. This development was regarded with surprise in some quarters, where the feeling had been that the decline was to be resumed.

Special adverse influences today af-

fected certain stocks, such as Lehigh Valley and Gulf States Steel, which declined respectively three and 10 1-2 points after the former company had r ced its dividend basis from 10 to 7 per cent, and the steel company had passed its quarterly disbursement. Gulf States Steel later recovered about one-third of its loss. With money more abundant, spec-

ulative interests purchased extensively, and motors, oils, rails, steels, sugars and most of the specialties benefited with advances ranging up to about six points. This upward ten-dency was halted momentarily after announcement of the unfavorable dividend actions and prices receded sharp ly in some instances but the advance was later resumed with considerable vigor. Reading was a striking figure in the final advance, gaining four points in connection with its favora-ble annual report. Wilson Packing also improved to a material extent and various other popular specialties again made rapid progress. The average rise in specialties was from two to five points. Sales amounted to 1,600,-

000 shares. The bond market was irregular. Lib-erty bonds were higher with the Victory 3 3-4's rising to 100.10. Total sales, par value, aggregated \$9,150,000. Old U. S. bonds were unchanged on call.

New Asiastic Record. Asia found a place on the map of the trotting turf when Sveer recently trotted a mile in 2.07 1-4 at Omsk, Si-beria. Seveer is one of the horses that were shipped across the Ural Mountains after the upheavals in Petrograd and Moscow, and at Omskunder the protection of the government set up by Admiral Kolchak he succeeded in making a record of 2.07 1-4. At the same time he also placed his name at the top of the list of Russian bred trotters, the limit prior to his performance being 2.08 which was made by Prostee at Moscow. This 2.08 is also the European record and when supplanted the 2.08 3-10 made by Siliko when he won the Sommer Prize at Vienna in 1908. Sveer is by Zamicel, 2.11 1-4, son of Quarter ousin that was bred by Rundle & White of Danbury, Conn., and exported after he made a three year old record of 2.23 3-4 at Boston in 1895.
